

Fleitas, Néstor David

Personal Information:

Marital status: *Single* **Nationality:** *Argentinian* **Date of Birth.:** 14/06/1985 **Age:** 35

Pasaporte: 32.060.255N (Valid USA Visa)

Address: *Villa del Parque - CABA*

Phone: (+54) 11-3074-8591 **Email:** david.fleitas@gmail.com

Github: [ndf14685](https://ndf14685.github.io/) **CV Web:** <https://ndf14685.github.io/>

Education

2014 -
Actually

U.T.N. Buenos Aires

1° a 3° Year - Industrial Engineering

2000-2002

E.E.T. N° 9 Ing. Torcuato Di Tella - Avellaneda

Computer Technician

Professional Profile and Objectives

Passionate about technology. Constant entrepreneur. Empathetic and proactive. I consider myself a person eager to learn. Ease of teaching, explaining and guiding those who allow me. Experienced in Java development, currently introducing Cloud world

Work Experience

03/2020 – Actually:

Equifax

SOA Developer & Config. Manager & Teach Lead:

Middleware Administrator, Site Reliability Engineer, DevOps with management of the most common tools such as Docker, Ansible, Apache Http Server, Apache Tomcat 7 and 8, monitoring and supervision with Nagios Core and implementation of CyberARK, IBM Websphere Application Server (WAS), Linux (Red Hat), Apache Web Server, Bash Scripting, Perl Scripting, Python scripting, load balancing, handling and configuration of Jenkins, Terraform and kubernetes in google cloud.

03/2018 – 06/2020:

Telecom SA

SOA Developer & Config. Manager & Teach Lead:

Analysis and development of functional and technical documentation, Programming in SOA Architecture, Designing new services, Architecture maintenance with Java connectors, Xquery Transformations, Ide: JDeveloper, OSB 12c. OSB 11, Aqualogic 9.

Server Linux. Tools: Jenkins, Release Automation. Jira, Confluence, Stash, Trello.

Address: Congreso Av. 3924– Cap. Fed.

10/2017 – 06/2018:

HSBC Bank

Java Middleware Developer - SOA Dev:

Analysis and development of functional and technical documentation, Programming in JAVA, Designing new services, Architecture maintenance with Java connectors, SOA Integration. Ide: Eclipse. RTC, ESB IBM

Company: Tata Consultancy SA

Address: Martín García Av, 464 - CABA

10/2014 – 09/17:

Credicoop Bank

Java Developer in Architect area:

Analysis and development of functional and technical documentation, Programming in JAVA, Designing new services, Architecture maintenance with Java connectors. Ide: Eclipse. Tomcat, JBoss. Open Languages: Angular, NodeJs, JavaScript, Mongo DB, Couch DB. Another Tools: Jenkins

Company: Huenei SA

Address: Maipu 66 – Cap. Fed.

08/2013 – 10/2014:

Telefonica SA

JAVA SOA – OSB (Oracle) Consultant:

Analysis and development of functional and technical documentation, Programming in JAVA,. Ide: Eclipse, OEPE, JDeveloper. Tomcat. Oracle Service Bus (OSB), Weblogic.

Integration of commercial modules using OSB, BPel, WebServices, Spring, EJB.

Migration Support, Incident Management.

Client / Project: Telefónica-Movistar
Company: Pragma SA
Address: San Martin 550 – Cap. Fed.

07/2012 – 07/2013:

Telefonica SA

JAVA Consultant

Analysis and development of functional and technical documentation, Programming in JAVA, JavaScript, JSP, Android. Ide: Eclipse, Tomcat. Weblogic. Customization of network management applications: HDM, CSC, MDM. RedHat and Solaris Servers Installation. Development in Java, android. WebServices, soapUI.

Research new tools and technical documentation / functional.

Agile Methodologies – Scrum

Client / Project: Telefónica

Company: Alcatel - Lucent

Address: Av. Vieytes 1710 – Cap. Fed.

08/2011 – 07/2012:

Telefonica SA

JAVA Consultant

Analysis and development of functional and technical documentation, Programming in JAVA, with different tools: WEB, Hibérnate, etc.

Client / Project: Telefónica – Movistar;

Company: Everis SA

Address: Av. Garay 650 – Cap. Fed.

09/2008 – 06/2009:

Accenture S.A.

Desarrollador Cobol

Perform tasks Cobol programming language in various projects assigned;
Tools Experience with Mainframe Cobol, JCL, DB2;

Address: Av. Santa Fe 1047 – Rosario City (Sta. Fe)

03/2007 – 03/2008:

TGV S.A.

Java Developer

Perform programming tasks in Java in various projects assigned. Using Web Tools, JSP, Servlets and Struts. SQL Management, Cvs, JavaScript and HTML;

Technical Skill:

- **Systems:** Windows, Linux, RedHat, Solaris;
- **Technology :** Java, J2ee, JSP, JSF, Servlets, Struts, Hibernate, EJB, Spring, HTML XHTML, CSS, JavaScript, XML, C++ 1.1, Visual Basic 6, Asp.Net 1.1, COBOL, JCL, Mainframe, Bash, ssh;
- **IDE:** Eclipse, Dreamweaver, JBuilder;
- **Server:** Tomcat, Apache, Webshere, Oracle Weblogic;
- **Database:** Oracle, MS SQL Server 2K/2K5, MySQL, DB2;
- **Experience** on System from:
 - Telecomunicaciones (Today - Java)
 - Financial Institutions (Cobol)
- **Tools:** TAM – Webseal, RAD, Protocolo LDAP, OpenJPA.
- **Another:** Android, Tools Blackberry Application Programming (HTML5, CSS, Cascade)

Knowledge

- **Administrative and Accounting Knowledge – Billing and Collections**
- **English: Oral and written – Intermediate**

Courses:

Educacion IT:

Linux operator; Linux Administrator; Linux ShellScripting; Advanced Linux Hosting Administrator; Linux networks; (2019) Advanced Javascript Front-end; Node Js and Mongo DB (2019) Python Programming; Raspberry (2019)

Android; Angular JS; Design patterns; UML and UP: Object Oriented Analysis and Design; Java Standard Programming, J2SE 7.0; Java Web: Servlets, JSP, JSTL, Struts & AJAX; Java WebServices; Java Advanced Programming; Java Hibernate;

Blackberry Workshop:

- HTML5, Cascades y CSS5, Native C/C++, Adobe Air;

FU.DE.CA (Cañada de Gómez):

- Management Skills (05/2011);

Mayflowers Institute (Cañada de Gómez)

- English – PRE intermediate;

Escuela Accenture(08/2008) (Rosario):

- Cobol Language, Mainframe, DB2, JCL; SQL Language; CMMI Training Standards;

Unix Introduction

Instituto LIFIA (03/2007) – Bs. As.:

- Introduction to Object, Object Oriented Design, Web Application Development with Servlets and JSP Struts; Workshop Application Development with Eclipse, CVS and Java, Java Basics;
